NANCY DAUBENSPECK

CV 2019

Nancy Daubenspeck apprenticed and worked for many years as a mold maker and artist's assistant in fine art and architectural foundry casting. Her formal education is in chemistry, mathematics and computer science. She has done research in inorganic chemistry, physics and seismology. She has training in iconography and lacemaking and began painting in earnest in 2006 after an introduction to casein and panel painting at Parsons School of Design in NYC.
